

District 1 Policy #5: Travel out of District

Introduction:

CYSA PIM 76-1 Teams that travel out of their District to play "friendly" games must notify their District Commissioner of their intent. The District Commissioner will coordinate with the other District Commissioners. This policy must be followed in order for the insurance coverage, both medical and liability, to be in effect for the team.

The insurance company will cover any event that is considered a sanctioned event. The notification of the planned trip is necessary for the event to be considered sanctioned.
